

## The BAD Derivative

Math baby, Math baby, calc's like a Texas drought because we do the kinda things only professors talk about,

So put your calc in radian mode and I bet you get Pi,

Yes I'm Pythagorus, yes I'm L'Hopital, you're differentiating like a pro,

You've had enough of logarithms you want it tough, you're out of bounds. I want you into implicit differentiation like my crazy problem sets,

Calculating faster than fedex, the slope reaches apex, around an x-value of three and then it has a critical point found by differentiating implicitly,

You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. Gettin' calcy now.

Math, the kind you clean up with a factorization like the indifferentials of limits, only the master knows where they stop,

In terms of x I wanna be specific I wanna be down with your common denominator but i got this notion the degree of your polynomial goes on to infinity,

So if I capsize, before finding the sin, that equation went and got the best of me, and i think that I'm gonna get an "F" from the judge sittin' in pod "e,"

You show me yours, I'll show you mine and then those scores we will combine, and then one passing grade we'll get, extra credit time? You bet,

You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. Gettin' calcy now.

You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. Cube it again now.

You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. Cube it now.

You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. Cube it again now.

You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. You and me baby ain't nothing but AP Calcies so let's derive like they do on the Discovery Channel. Gettin' calcy now.
